MICRO-BUFF CRÈME AT-HOME MICRO-DERMABRASION

A gentle blend of soothing botanicals and skin-brightening Aluminum Oxide crystals refines and resurfaces skin without irritating or scratching the skin surface. IMAAGE®' at-home micro-dermabrasion treatment utilizes the same exfoliating crystals found in micro-dermabrasion machines and can be used daily to buff skin revealing a smooth surface.

Benefits of using this Micro-Buff formula:

- Great at-home treatment, or between in-office micro-dermabrasion treatments.
- Enhances the absorption of skin lightening and acne treatment products.
- Exfoliates the pigmented cells found in the outer layer of skin.
- Ideal for hyper-pigmentation, and diminishing the appearance of fine lines.
- Helps clear acne breakouts.

KEY INGREDIENTS:

- Skin Brightening Crystals: These are the same crystals found in micro-dermabrasion machines used for in-office treatments
- Red Algae Extract: Derived from the sea, it is known for its hydrating, purifying and skin soothing properties.

RESULTS: Retextures the skin to a radiant, youthful glow, stimulating cell renewal and reducing the appearance of premature aging.

SKIN TYPE: All skin types

APPLICATION: After cleansing skin, massage dime-sized amount over entire face for 2-5 minutes using gentle circular motions. Rinse off well with at least ten splashes of tepid water and pat dry face.

INGREDIENTS: Sucrose Cocoate, Alumina, Peg-7, Glyceril Cocoate, Nanoxynol-10, Algae Extract, Citrus Grade (Grapefruit) Peel Oil, Citrus Aurantium (Orange) Oil, Citrus Medco Limonum (Lemon) Peel Oil, Chandus Cispus (Carageenan) Aceylate Crosspolymer, Trimethylamine, Imidazolidinyl Urea, Methylparaben, Tetrasodium EDTA

NET WT: 1FL OZ / 30ML

RETAIL VALUE: \$35.00 Available exclusively through IMAAGE® Luxury Medi-Spa
