Ask Dr. Haas

Q: What are the advantages of in-office surgery suite?

A: For over six years IMAAGE®, the Plastic Surgery Center and Medi-Spa of Dr. Tom Haas, has had a JCAHO accredited in-office surgery suite. All of the procedures are performed here offering our patients privacy and luxury. Their surgery experience is a discreet and personal one. IMAAGE® is proud of our dedicated team of specialists, nurses, technicians, and anesthesia-providers who work exclusively with cosmetic surgery. Patients meet the entire team at their first consultation and this is the team that will be with them through their procedure and post-op process. At IMAAGE®, we only perform elective surgeries, unlike the hospitals who deal with critically ill patients, infections, trauma, etc. Cosmetic surgery is very specialized and this is all we do. Our office provides a relaxing private suite for the patients family and friends while they wait. IMAAGE® is THE state-of-the-art facility in plastic surgery
